

The U.S. Census Bureau's Dallas region has begun in earnest the process of hiring tens of thousands of workers to help complete the **2010 Census**.

In late March, all US residents will receive a Census ballot in the mail. Filling out the ballot and returning it ensures that our local communities receive the federal dollars needed for schools, hospitals, libraries, civic programs, etc.

Hiring has already started and will extend through spring 2010 for temporary assignments, ranging from eight weeks to a few months. Besides serving your community, a Census job allows residents to take part in the country's once-in-a decade population headcount.

Compensation ranges from \$13-24/hr. for job titles ranging from office clerks to field supervisor.

Residents who wish to schedule an appointment for an application and take a basic skills test to qualify for positions, should call the local Census office at **214-432-7850**.
